OUR PURSUIT

No more unreached people groups

While the hope of the gospel has been spreading for thousands of years, millions of people have not yet had an opportunity to hear it. Determined to reach the ends of the earth with the Good News, we are dedicated to the relentless pursuit of the unreached.

More than 40 percent of the world's population has little or no access to the gospel.

Only a small fraction of the 440,000+ foreign missionaries are working to reach this group of people.

Less than a penny of every dollar given to Christian causes goes to plant churches among these unreached people.

Pioneers go to the ends of the earth

The unreached include nearly 7,000 unique ethnic groups, scattered throughout the world's megacities, mountain villages and desert communities. In response to this need, more than 3,000 Pioneers are building relationships and making disciples among these people groups. Whether developing businesses, teaching English, providing health care or pursuing myriad other pathways, we are committed to finding creative ways to engage those with the least access to the Good News.

Let's do this together

From helping you to discern which of our 300+ teams to join to providing care for you and your family on the field, Pioneers will walk alongside you in your journey to the nations.

You do not have to have it all figured out.

Just take the first step. Fill out a start form at Pioneers.org

LONG TERM

We go together, whether for a season, or a lifetime . . .

Being a full-time missionary looks different in every context. God had made you unique with a special set of skills, passions and abilities. Explore how you can steward your gifts in new ways as you pursue a call into full-time missions. We take time to hear your story and find the best fit based on where God is calling you. Long-term opportunities range from a year to a lifetime, and we make sure our missionaries get the support that they need relationally, practically and spiritually.
