

# LEAP into mission!

## LEAP IS...

- **a time to leap out** of your comfort zone and into a different world
- **a time to partner with** Serge's church-planting work in London's South Asian communities
- **a time to engage** in prayer and ministry to London's Muslims, Hindus, and Sikhs

## WHAT YOU CAN EXPECT FROM LEAP

- **New experiences** as you "taste" South Asian culture. We will visit Hindu temples, Sikh gurdwaras, Muslim mosques and Indian shops. We will also enjoy Indian meals together.
- **New challenges** as you participate with your co-workers in extended prayer times (privately and through prayer walks), structured training and times of testimony, fellowship and worship.
- **New relationships** as you work alongside other LEAP team members and as you take opportunities to witness (meeting with people on the street and in door-to-door evangelism).
- **Renewed vision** of the missionary calling and purposes of God and his church.

Leap is a ministry of Serge, an organization that offers resources and mentoring for gospel-centered Christian growth and has cross-cultural mission work in Asia, Africa, Europe, and Latin America.
